Garage Doors Done Right!™

Design Your Perfect Garage Door.

Your home may be the biggest investment you'll ever make. And although there are many improvements you'll make to your home through the years, upgrading your garage door is one of the smartest. Not only is it an easy renovation that adds immediate curb appeal, but it is one of the most efficient ways to increase your return on investment.

Over 94% of the costs are recouped due to the boost in resale value.* And unlike other renovation projects that can take months to complete, your new garage door can be installed in an afternoon with minimal hassle.

With so many styles, colors and materials to choose from, there's a door to suit every home and any budget. Best of all, we can help you navigate the selection and find the new garage door of your dreams.

We're so confident that your new garage door will work flawlessly, every door we install is backed by our *Precision Done Right! Guarantee*. It's the industry's leading warranty, and it guarantees that any defect in workmanship will be repaired free of charge for up to five years.

IT'S MORE THAN A DOOR

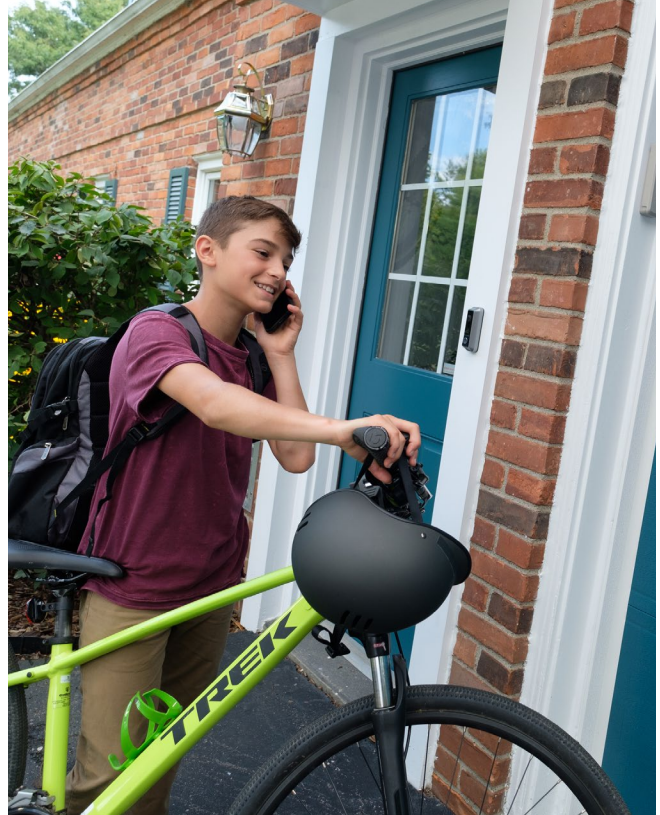

Your garage is so much more than a storage space — it holds your prized possessions and most cherished memories. The camping equipment from family vacations. Bicycles of all shapes and sizes that your family uses for summer rides. The vintage car you lovingly refurbished with your dad.

In addition to being the gatekeeper to all those memories and possessions, it's protection for everyone you love. Since the garage door is the largest entrance to your residence, it's important to make sure it's functional and secure.

Precision Garage Door has been dedicated to keeping garage doors all across America in pristine condition since 2001.

You'll also enjoy the peace of mind of knowing when your loved ones come and go. You can grant access to guests arriving from out of town and let contractors or utilities workers inside without having to be physically present in your home.

The innovation doesn't stop there. myQ has partnered with Amazon Prime to include secure, in-garage delivery of your Amazon packages. Link your myQ account with Amazon Key and your purchases can be left safely inside your garage. Naturally, notifications are provided through your app every step of the way.

You can get myQ without any expensive modifications to your home, and it's compatible with most garage door brands manufactured after 1993. For more information about myQ, click [here](#) to see how smart — and safe — your garage can be.

Smart technology is everywhere today — from your kitchen to your toilet. There's no reason your garage should be left behind!

That's where myQ technology for garage doors comes in. You can use the app to open or close the garage door from anywhere, so you never have to worry about leaving your home vulnerable. With the real-time alerts delivered through the app, you can secure your home even if someone else in the household isn't so diligent.
