Garage Doors **Done Right!**[™]

A new door makes a world of difference

As we all emerge from the dark and dreary winter, it seems like new life is everywhere. Flowers blooming. Trees bursting with buds. Bunnies and fawns scampering around. And, with a little bit of luck and planning, you'll have a sizeable tax refund springing into your bank account!

With all this fresh spring air and a wallet flush with cash, why not consider investing that refund into a new garage door?

Refreshing your garage door can change the face of your home for a new season. A new garage door can make a world of difference and boost your home's curb appeal.

A new garage door is also a great way to get more out of your home if, and when, you decide to sell. Almost 94% of the costs are recouped due to the boost in resale value.*

And unlike other renovation projects that can take months to complete, your new garage door can be installed in an afternoon with minimal hassle.

With so many styles, colors and materials to choose from, there's a door to suit every home and any budget. Best of all, we can help you navigate through the many options and help you design the new garage door of your dreams.

Now available in more than 500 colors from **SHERWIN-WILLIAMS**.

.....

With no money down and zero interest Worry Free Financing, it's more affordable than ever to build on the value of your investment. Call today for a free consultation and estimate!**

A smart home deserves a smart garage

With the prevalence of smart technology everywhere in the home now, there's no reason your garage should be left behind!

That's where myQ technology for garage doors comes in. You can use the app to open or close the garage door from anywhere, so you never have to worry about leaving your home or possessions vulnerable. With the real-time alerts delivered through the app, you can secure your home even if someone else in the household isn't so diligent.

You'll also enjoy the peace of mind of knowing when your loved ones come and go. You can grant access to guests arriving from out of town and let contractors or utility workers inside without having to be physically present in your home. And you'll always get alerts on garage door activity through the myQ app.

The innovation doesn't stop there. myQ has partnered with Amazon Prime to include secure, in-garage delivery of your Amazon packages.

LiftMaster myQ

Link your myQ account with Amazon Key and your purchases can be left safely inside your garage. Naturally, notifications are provided through your app every step of the way.

And if your garage door has trouble, no worries. myQ Diagnostics is embedded within the app to send your garage door technician a "health report" if there's an issue. The technician will be able to fix your door that much faster!

myQ doesn't require any expensive modifications to your home, and it's compatible with most garage door brands manufactured after 1993. For more information about myQ, [click here](#) to see how smart – and safe – your garage can be.

Everything you need to see

Let LiftMaster garage cameras be your eyes and ears in your garage, whether you're on the other side of the house or the other side of the world.

A camera can be added to your current opener (they're compatible with most openers manufactured after 1993), or you can get an integrated camera/opener.

With a garage camera, you can:

- Watch your kids come home from school
- Supervise contractors working in the garage
- Ensure Amazon Prime packages are delivered safely in the garage
- Check in with your Google Home or Apple HomeKit
- Monitor while out of town

It's never been easier to add a camera into your garage. Choose a new opener/camera combo or simply add a smart camera to your current opener. Either way, having a camera will ease your mind and free you from worry.
